

Effect of augmentation on performance (AttMIL)

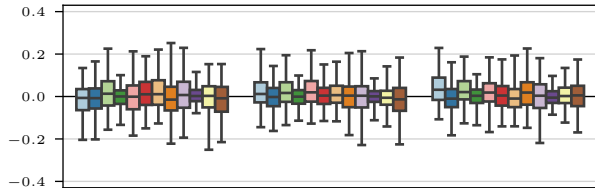

(a) stain normalisation (b) rotate/flip (c) all augmentations

Performance comparison

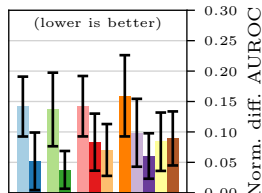

(d) no augmentation

Effect of augmentation on performance (Transformer)

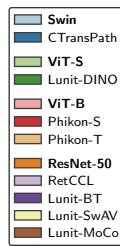

(a) stain normalisation (b) rotate/flip (c) all augmentations

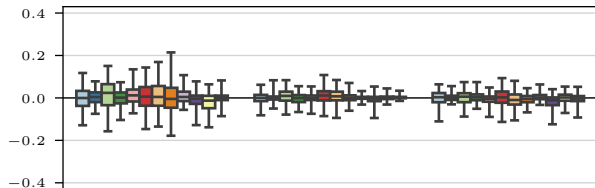

Performance comparison

(d) no augmentation

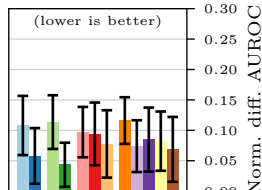

Effect of augmentation on performance (Mean pool)

(a) stain normalisation (b) rotate/flip (c) all augmentations

Performance comparison

(d) no augmentation
